About Element 29 Resources Inc.

Element 29 is an emerging copper exploration and development company focused on advancing its portfolio of Peruvian projects towards development in one of the world's more established mining jurisdictions.

The Company's principal objective is to explore and develop its Elida Porphyry Copper Deposit in west-central Perú and its Flor de Cobre Porphyry Copper Project located in the Southern Perú Copper Belt, 26 km southeast from Freeport-McMoRan's Cerro Verde copper mine. Both projects are well located for potential mine development and will benefit from nearby infrastructure including roads, powerlines, ports, water, and a skilled workforce.
